

WELCOME TO

LIQUPOOL

**Empowering users to
earn through crypto
staking with our secure
platform.**

INTRODUCTION

The Liquipool staking platform is crafted to allow you to validate the token network using a proof-of-stake consensus model. The user will need to invest in USDT for the package subscriptions. However, upon investing USDT on the platform, the user will receive rewards through SPT tokens.

The Liquipool platform serves as a blockchain platform for SPT tokens and caters to crypto traders. It is equipped with the necessary tools and technologies to unlock opportunities for the many and the few, fostering positive economic growth.

ABOUT US

About Us

Liquipool is a crypto-staking platform designed to promote the SPT token-staking ecosystem. It aims to provide SPT token pool stakers with the tools to set up their infrastructure, configure their staking parameters, and promote staking to attract delegators.

Liquipool's success relies heavily on factors such as performance, reliability, and transparency. The platform maintains a firm infrastructure to communicate with all users and build trust and loyalty.

Package Details & Staking Reward Income

Our innovative staking platform offers seamless participation for all users, ensuring SPT tokens work for them and allowing them to earn daily rewards. Here are the package details the user can avail as per their preferences and generate daily staking reward.

1st Package

- Contribution Amount: **100.00-999.00 USDT** (SPT token) + 100% ICO Purchase.
- Staking Reward: **0.3% daily.**

2nd Package

- Contribution Amount: **1000.00 - 60000.00 USDT** (SPT token) + 100% ICO Purchase.
- Staking Reward: **0.4% daily.**

Package duration:

Both packages will be valid until 200% Staking Reward Income and 300% Affiliate bonuses (for each Package) are fulfilled.

Note: Staking Reward income generation will be up to 200%. Affiliate bonuses will be up to 300%.

Re-top packages would require 25% value of SPT tokens purchased from the ICO.

Direct Staking Reward

Liquipool offers lucrative processes to increase its income streams besides the investment in the platform. The platform provides users additional income by referring someone to the platform. The user will enjoy immediate benefits with every successful referral, enhancing staking rewards.

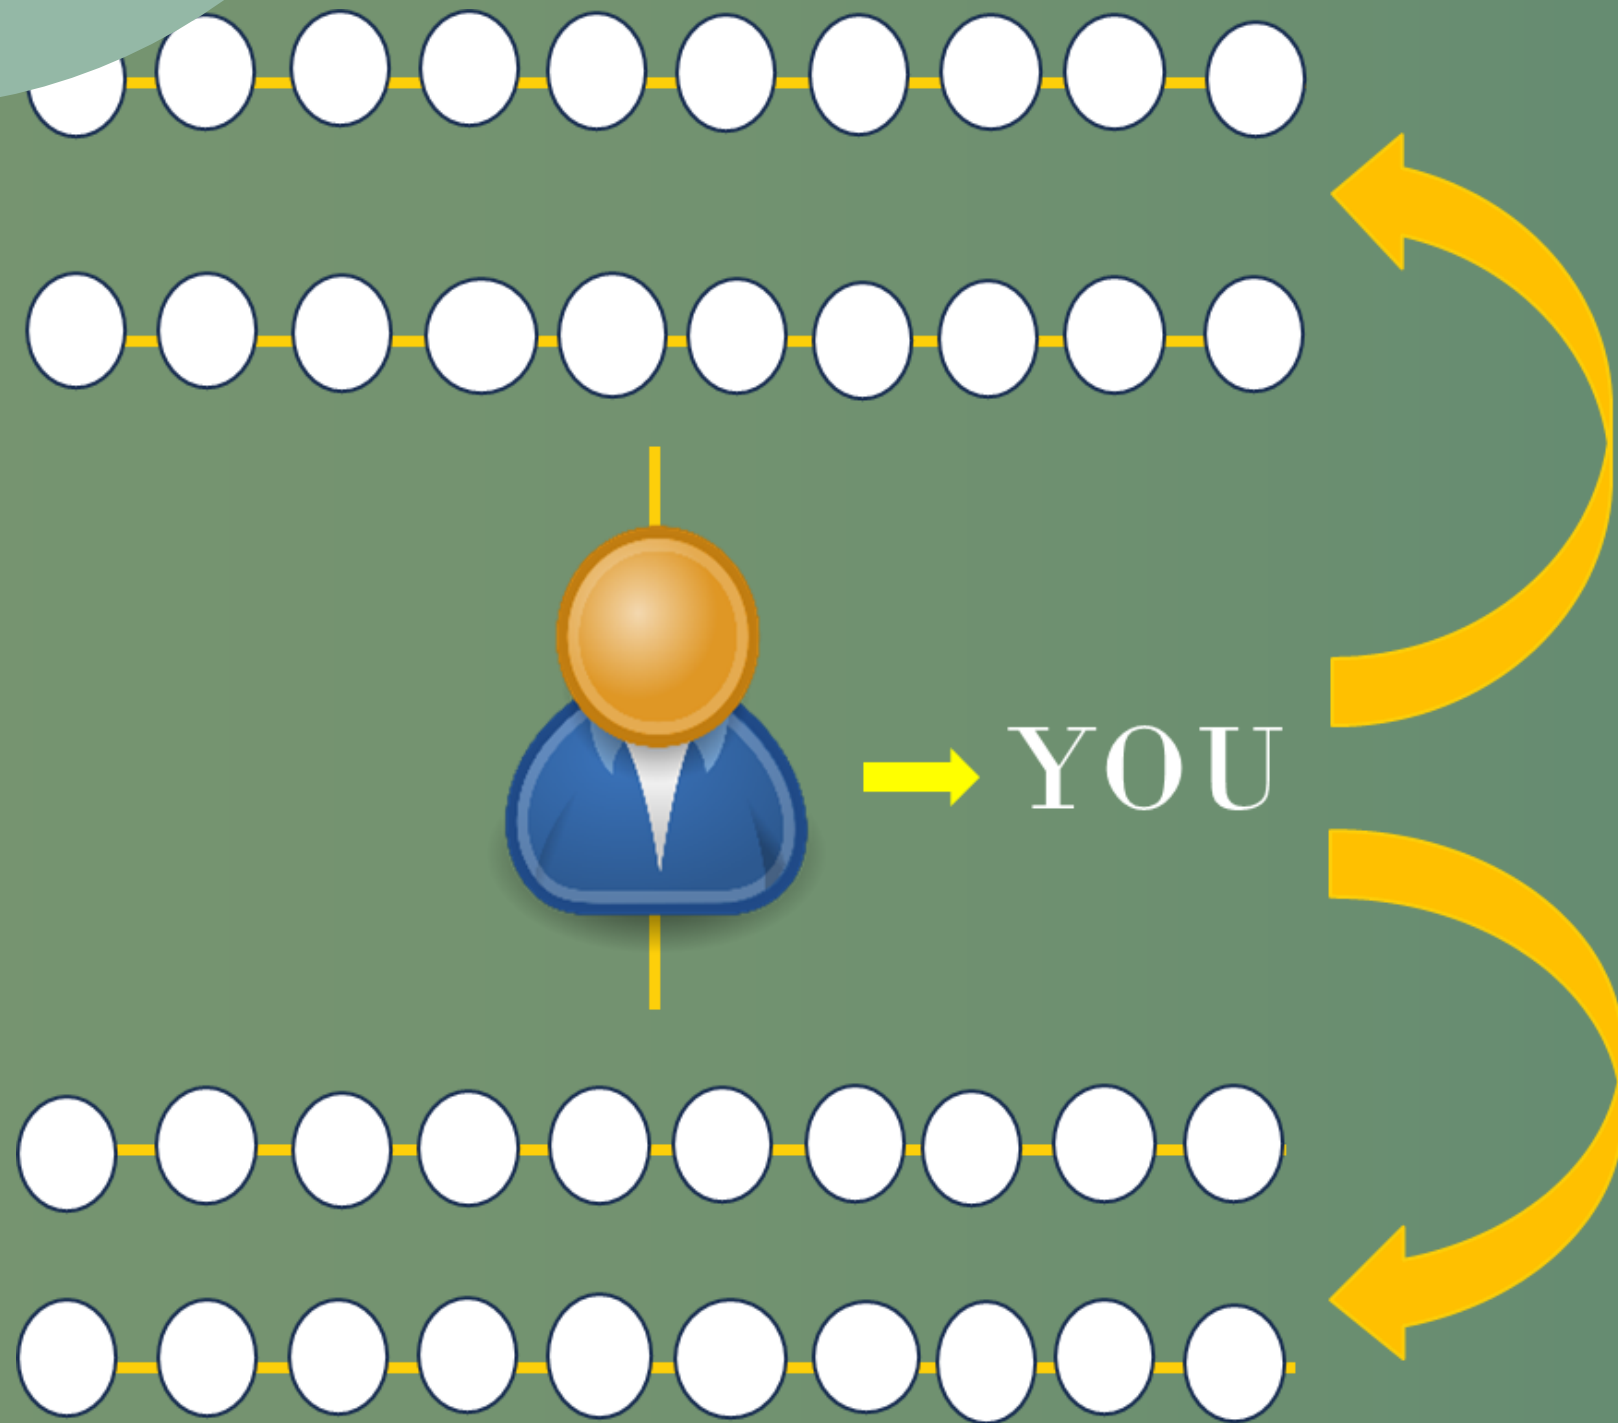

Here is the income percentage the user will achieve with the successful referrals and their package buying investment -

Staking Reward %:

- For 1st direct referral: **5%**
- For the 2nd to 5th direct referrals: **1%**

Global Line Pool

Liquipool introduces a single-line income process, diversifying your earnings. The user will get 1% weekly bonus rewards from their **20 mentor network and 20 success line**. However, the user must provide two direct referrals on the platform to be eligible for the global line pool income. Also, the global line maximum weekly earnings limit will be the user's staking amount investment.

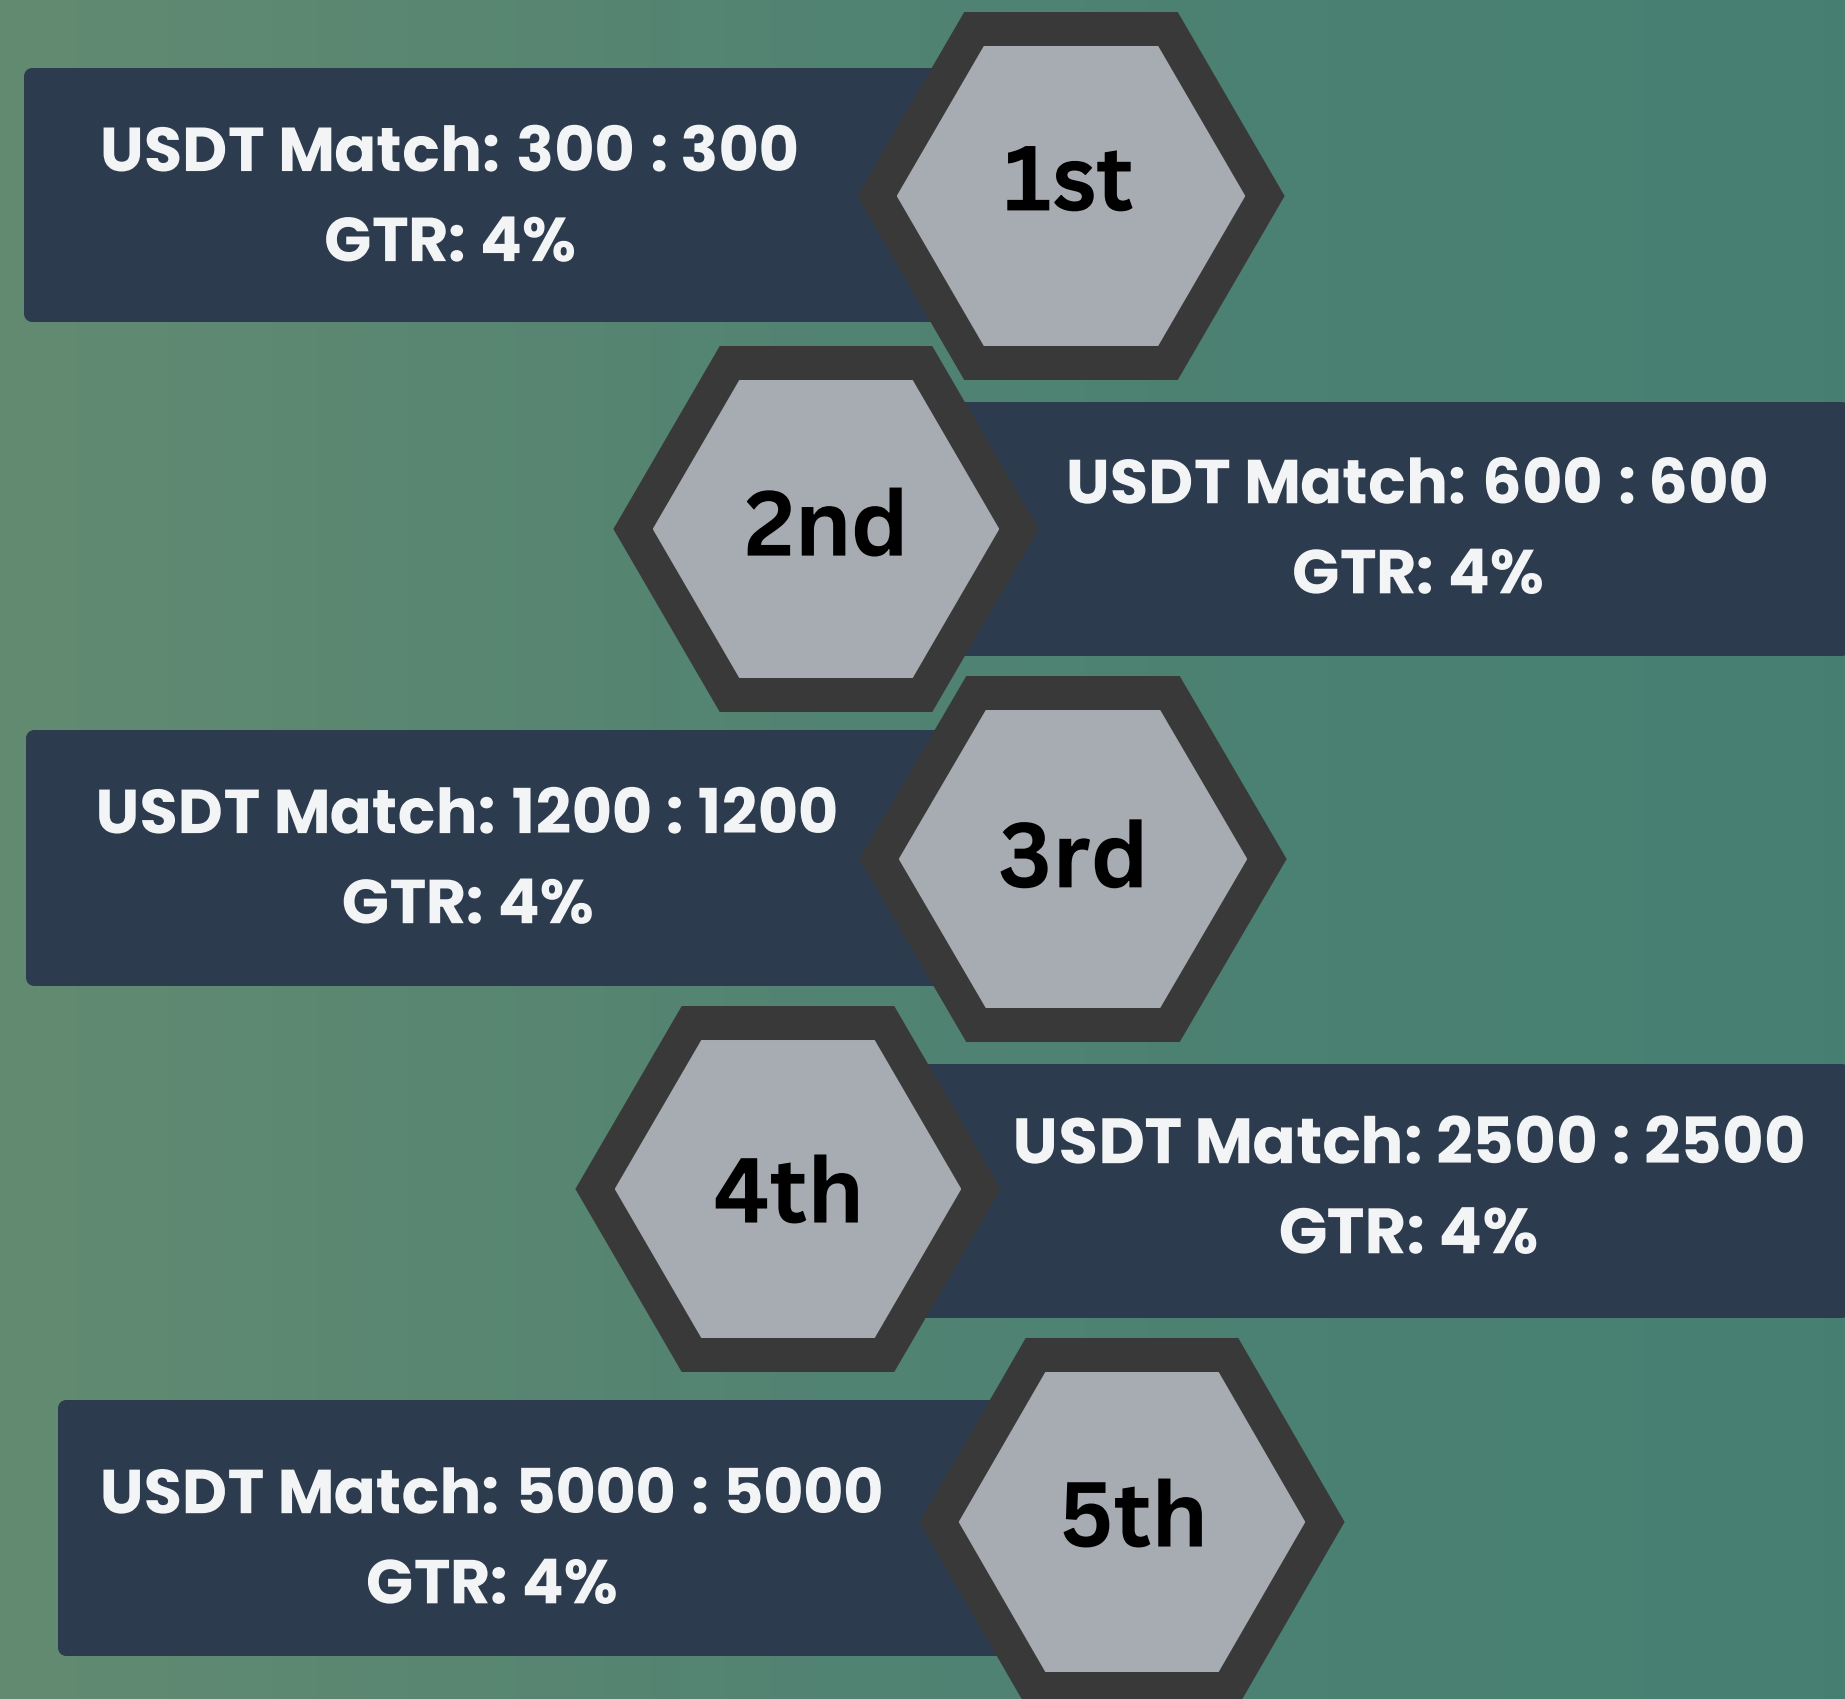

Note: Global line pool bonuses include a limit of 300% only.

GLOBAL POOL BONUS

Liquipool provides users with several income streams to earn more by involving others in the platform and their investments.

Global pools are distributed at **20%** of the global reward returns (with an equal **4%** in each pool) and will be equally distributed to all the pool achievers.

Here, to avail income, the user must achieve the following criteria:

GLOBAL POOL REWARD BONUS CRITERIA

- 50:50 total contribution ratio in a day (50% should be from one strong leg, and the other 50% should be from the user's overall leg.)
- The total contribution volume should match any of the charts mentioned.

Staking Reward:

Upon fulfilling the mentioned criteria, receive a **4% staking bonus** alongside other pool achievers.

Note: The user will only receive income (for that particular day) if they are able to match the business volume mentioned in the chart. In addition, global pool bonuses will be of up to 300%.

LEADERSHIP POOL RANKS AND BUSINESS DEVELOPMENT FUND

The user can earn up to **10% monthly** from their personal and active team stakeholder by achieving leadership rank. However, the user's individual and team stakeholders must be active. The user can earn from their downlines, and the staking reward bonus % might vary. In addition, upon achieving leadership rank, the user will be eligible to receive business development fund monthly.

Here are the criteria to follow to achieve the leadership rank and its staking reward bonus % :
